

Week 8 - Session 1 - Fish Unit

Goal

Children will be introduced to the Fish Unit. For today's lesson, we will be talking about places where we can find fish, and the different types of fish. We will be counting and making our own fish. All Fish Unit Resources for the week can be accessed on our [Parent Resource Page for the Fish Unit](#).

Activities & Resources

- **What are fish?** Let's talk about places where fish can be found (lakes, rivers, ponds, oceans, etc. Is a fish a vertebrate or invertebrate? Can they breathe underwater? Check out ["this video"](#) to learn more!
- **Counting Fish Craft:** Using paint or stamping pad, children are invited to finger use their finger to stamp the correct amount of fingerprints below the number. Once dry, draw eyes, fins, or scales. Parents can print out this ["Fingerprint Fish Worksheet"](#). Check out the example below:

-
- **Fish Facts:** Children can also enjoy working on fun simple addition fish facts! Parents can print out this awesome resource ["here"](#).
 - **Goldfish Counting:** Enjoy a delicious snack while counting along with Ms. Daniela! ["Click here"](#) to watch!
